Safety Training for Adopt a Highway

Montville – April 7th 2017

You are already aware of our chapter adopting Rout 46 from Milestone 48 to 49 both east and west bound. This stretch passes through the heart of Parsippany. One of the steps in the process is to get the safety training to our volunteers. On April 7th, Friday one of the trainers from Department of Transportation provided the required safety training at one of our karyakartas house. Total 18 of our volunteers were able to make it to the training. As these volunteers got trained directly from the master trainer, they can now give training to others who could not attend earlier. We will schedule the actual service after TOD installs our name boards on either side of the highway
