**Dear KHNA supporter,**

Hari Om.

As you all are aware, our homeland Kerala is undergoing one of the worst natural calamities in the history of the state due to relentless monsoon rains and flooding. As a result, many of our people are having being displaced from their homes, waiting to be rescued and many have even lost their lives.

Many organizations are canceling their Onam programs and are collecting funds/clothes /food etc for our people in Kerala.

This is the time we come together as one and to do what we can possible to help our people.

KHNA is working with Sewa USA where you can donate online.
